REQUEST FOR CERTIFICATION

Declaration

By submitting this Request for Certification, the undersigned accepts that CWM Survey and Inspection's Terms and Conditions of business along with other additional conditions stated here shall apply to this request. The undersigned agrees that to the best of its knowledge, the products listed below requested for certification comply with the requirements of the relevant standards and any other regulation applicable to them and in particular the declared quantity, quality, brand name, production and expiry dates, batch numbers and markings are correct and the shipment is absent of recall or counterfeit products. The undersigned accepts that any certificate of conformity issued by CWM Survey and Inspection for such products does not release the exporter or applicant of its obligations regarding any discrepancies between the certified products and those that are actually shipped to the importing country. The undersigned also agrees that any information, results and documentation collected or generated during this service may be shared with relevant authorities.

Name		Signature & Stamp
Position		
Date		

Note: By signing this form you agree that CWM Survey and Inspection services are governed by the Terms and Conditions of business available on our website www.cwminternational.com

Exporters are advised not to ship the goods to the destination without first obtaining the required certificates from CWM Survey and Inspection. In case the exporter ships the goods without satisfactory results of document review, inspection and testing, then CWM Survey and Inspection will not be responsible or liable to pay any compensation, fines or claim amount to the Exporter or the Importer.

CWM reserve the right to charge you for any re-inspection due to cancellation of inspection with less than 24 hours notice prior to the scheduled inspection or due to aborted/rejected inspections in case of delay of the goods/containers being ready or an unsuitable environment presented for inspection.
